VOLUME 73 · SUBJECT INDEX

Abortion, Sentinel surveillance of *Chlamydia trachomatis* infection in women terminating pregnancy **29**
Acceptability of clinics, Acceptability of clinics for sexually transmitted diseases among users of the "gay scene" in the West Midlands **299**
Aciclovir
Beyond efficacy **83**
Sharing prescribing of continuous aciclovir treatment **225**
Should aciclovir prophylaxis be used in late pregnancy in women with recurrent genital herpes infection? How to use a clinical decision analysis **314**
Adolescence, STD control in drug users and street youth **240**
Adolescents
Provision for sexual health care of adolescents in genitourinary medicine clinics in the United Kingdom **453**
Sexual behaviour of adolescents before and after the advent of AIDS **448**
Adrenaline, Development of intralesional therapy with fluorouracil/adrenaline injectable gel for management of condylomata acuminata **481**
Adverse drug reactions, Reporting adverse drug reactions in HIV infection **335**
Africa
Pattern of sexually transmitted diseases among pregnant women in Burkina Faso, west Africa **188**
Serological markers for treponemal infection in children in rural Kilimanjaro, Tanzania **522**
Africans, Issues facing Africans in London with HIV infection **157**
AIDS
AIDS and leishmaniasis **237**
Cerebrospinal fluid ferritin in HIV infected patients with acute neurological episodes **181**
From human immunodeficiency virus (HIV) infection of the brain to dementia **343**
Necropsies in HIV medicines **548**
Pancreatic abnormalities and AIDS related sclerosing cholangitis **271**
Photosensitivity due to saquinavir **322**
Pyrexia of undetermined origin in advanced HIV disease **308**
Sexual behaviour of adolescents before and after the advent of AIDS **448**
Survival and treatment of AIDS patients 1984–1993 **148**
Survival and treatment of AIDS patients 1984–1993 **44**
AIDS education, Health education and promotion for STD prevention **88**
Algorithms, Risk factors for sexually transmitted diseases among women attending family planning clinics in Dar-es-Salaam, Tanzania **39**
Amsterdam, Decline in the incidence of HIV test requests in general practices in Amsterdam after 1992 **324**
Anal cytology, Anal cytological abnormalities and anal HPV infection in men with Centers for Disease Control group IV HIV disease **174**
Anal intraepithelial neoplasia, Anal cytological abnormalities and anal HPV infection in men with Centers for Disease Control group IV HIV disease **174**
Angiotropic large cell lymphoma, HIV infection with haemolytic anaemia **66**
Anogenital warts, Anogenital warts and condom use—a survey of information giving **203**
Anonymity, What is normal vaginal flora? **230**
Ant bite, Unusual presentation of vulvar carcinoma **146**
Antibiotic resistance, Surveillance of antibiotic resistance in *Neisseria gonorrhoeae* in the Netherlands, 1977–95 **510**
Antibiotic susceptibility
Surveillance of antibiotic susceptibility of *Neisseria gonorrhoeae* in the Western Pacific **331**
Surveillance of antibiotic susceptibility of *Neisseria gonorrhoeae* in the WHO Western Pacific Region 1992–4 **355**
Antibiotics, Antibiotic treatment for gonorrhoea in the UK **149**
Antibody tests, HSV type specific antibody tests **235, 579**
Antiretroviral therapy, Surrogate markers now provide physicians with the best means to manage antiretroviral therapy **216**
Antiviral therapy, Beyond efficacy **83**
Artificial insemination, Semen characteristics in HIV-1 positive men and the effect of semen washing **303**
Attenders, Who goes to sexually transmitted diseases clinics? Results from a national population survey **148**
Audit, Can the management of gonorrhoea be improved? **3**
Autoimmune haemolytic anaemia, HIV infection with haemolytic anaemia **66**
Auxotypes, Gonorrhoea **564**

B lymphocytes, Women with recurrent vaginal candidosis have normal peripheral blood B and T lymphocyte subset levels **475**
Bacterial vaginosis
An association between non-gonococcal urethritis and bacterial vaginosis and the implications for patients and their sexual partners **373**
Bacterial vaginosis—more questions than answers **333**
Treatment of male partners and recurrence of bacterial vaginosis **267**
What is normal vaginal flora? **23**
When is bacterial vaginosis not bacterial vaginosis?—a case of cervical carcinoma presenting as recurrent vaginal anaerobic infection **306**
Bacteriology, Comparative periurethral bacteriology of uncircumcised and circumcised males **288**
Bacteriuria, Urinary symptoms, sexual intercourse and significant bacteriuria in male patients attending STD clinics **149**
Balanitis
Chronic balanitis **579**
Genital colonisation and infection with candida in heterosexual and homosexual males **394**
Balanoposthitis, Balanoposthitis associated with the presence of subpreputial "smegma stones" **567**
Behaviour, Behavioural and demographic characteristics of attenders at two genitourinary medicine clinics in England **457**
Behaviour change, Health education and promotion for STD prevention **88**
Behçet, Behçet **390**
Bias, Voluntary confidential HIV testing of STD patients in Switzerland, 1990–5 **444**
Bisexual men, Acceptability of clinics for sexually transmitted diseases among users of the "gay scene" in the West Midlands **299**
Bone marrow, Diagnostic utility of bone marrow sampling in HIV positive patients **85, 117**
Book reviews
ABC of Sexually Transmitted Diseases, 3rd ed **78**
Genital skin disorders **150**
Guide to Living with HIV Infection **326**
Hepatitis C Handbook **580**
Managing Family Planning in General Practice **326**
Women and their Health **326**
Brain, From human immunodeficiency virus (HIV) infection of the brain to dementia **343**
Burkina Faso, Pattern of sexually transmitted diseases among pregnant women in Burkina Faso, west Africa **188**

Candidiasis
Genital colonisation and infection with candida in heterosexual and homosexual males **394**
What is normal vaginal flora? **23**
Candidosis
Prior fluconazole exposure as an independent risk factor for fluconazole resistant candidosis in HIV positive patients **471**
Women with recurrent vaginal candidosis have normal peripheral blood B and T lymphocyte subset levels **475**
Capsids, Seropositivity against HPV 16 capsids **131**
Cefaclor, Cefaclor, an alternative to third generation cephalosporins for the treatment of gonococcal urethritis in the developing world? **506**
Cell culture, Evaluation of the microparticle enzyme immunoassay Abbott IMx Select Chlamydia and the importance of urethral site sampling to detect *Chlamydia trachomatis* in women **498**
Cerebrospinal fluid, Cerebrospinal fluid ferritin in HIV infected patients with acute neurological episodes **181**
Cervical cancer
Abnormal expression and mutation of p53 in cervical cancer—a study at protein, RNA and DNA levels **54**
Effect of concurrent lower genital tract infections on cervical cancer screening **383**
Cervical carcinoma, When is bacterial vaginosis not bacterial vaginosis?—a case of cervical carcinoma presenting as recurrent vaginal anaerobic infection **306**

Children
Recurrent respiratory papillomatosis with pulmonary cystic disease in a child, following maternal genital warts **63**
Serological markers for treponemal infection in children in rural Kilimanjaro, Tanzania **522**
Chlamydia
Chlamydia screening **99**
Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **149**
Chlamydia trachomatis
Chlamydia trachomatis in hydrocele fluid **503**
Differences in the sensitivity of the Amplicor *Chlamydia trachomatis* PCR assay **207**
Epidemiology of genital *Chlamydia trachomatis* in England and Wales **122**
Epidemiology of genital *Chlamydia trachomatis* **421**
Evaluation of the microparticle enzyme immunoassay Abbott IMx Select Chlamydia and the importance of urethral site sampling to detect *Chlamydia trachomatis* in women **498**
Genital *Chlamydia trachomatis* infection in women in a Nigerian hospital **146**
Genital *Chlamydia trachomatis* infection in women in a Nigerian hospital **326**
Genotyping of Portuguese *Chlamydia trachomatis* urogenital isolates **561**
Is screening for *Chlamydia trachomatis* infection cost effective? **103**
PCR for detection of *Chlamydia trachomatis* in endocervical, urethral, rectal, and pharyngeal swab samples obtained from patients attending an STD clinic **493**
Sentinel surveillance of *Chlamydia trachomatis* infection in women terminating pregnancy **29**
Test of cure following treatment of genital *Chlamydia trachomatis* infection in male and female patients **223**
Chlamydial infection, Genital *Chlamydia trachomatis* (serotypes D-K) infection in Jamaican commercial street sex workers **362**
Cholangitis, sclerosing, Pancreatic abnormalities and AIDS related sclerosing cholangitis **271**
Ciprofloxacin, High level cirprofloxacin resistant gonorrhoea imported from Russia **325**
Circumcision, Comparative periurethral bacteriology of uncircumcised and circumcised males **288**
Clindamycin, Treatment of male partners and recurrence of bacterial vaginosis **267**
Clinical decision analysis, Should aciclovir prophylaxis be used in late pregnancy in women with recurrent genital herpes infection? How to use a clinical decision analysis **314**
Clinical practice, HIV partner notification policy and practice within GUM clinics in England **49**
Clinical trials, Medical Editors Trial Amnesty (META) **431**
Clinics
Sexual health **323**
Who goes to sexually transmitted diseases clinics? Results from a national population survey **148**
Colposcopy, Genitourinary medicine and the Internet No 5 **144**
Commercial sex workers, Seroprevalence of hepatitis B markers among female and transsexual sex workers in Athens, Greece **223**
Community trials, Randomised trials of STD treatment for HIV prevention **432**
Condoms
Anogenital warts and condom use—a survey of information giving **203**
Markers of sexually transmitted diseases in seminal fluid of male clients of female sex workers **284**
Sexual relationships, risk behaviour, and condom use in the spread of sexually transmitted infections to heterosexual men **368**
Condylomata acuminata
Condylomata acuminata of the penis progressing rapidly to invasive squamous cell carcinoma **402**
Development of intralesional therapy with fluorouracil/adrenaline injectable gel for management of condylomata acuminata **481**
Contacts, Epidemiological treatment and tests of cure in gonococcal infection **12**
Control
How can industry, academia, public health authorities and the Sexually Transmitted Diseases Diagnostics Initiative (SDI) work together to help control sexually transmitted diseases in developing countries? **1**
STD control in drug users and street youth **240**
Cost effectiveness, Is screening for *Chlamydia trachomatis* infection cost effective? **103**
CPC, Pyrexia of undetermined origin in advanced HIV disease **308**
Cryptococcosis, Haemolytic uraemic syndrome complicated by disseminated extraneural cryptococcosis **410**
Cryptosporidiosis, Knowledge of HIV infected individuals about prevention of cryptosporidiosis **551**
Cutaneous anaplastic lymphoma, Genital ulceration revealing a primary cutaneous anaplastic lymphoma **325**
Cysteine proteinase, Vagina has reducing environment sufficient for activation of *Trichomonas vaginalis* cysteine proteinases **291**
Cytokines, Type 1 cytokine response and treatment outcome of genital HPV lesions **387**
Cytomegalovirus, Management of CMV retinitis in HIV infected patients **169**

Dementia, From human immunodeficiency virus (HIV) infection of the brain to dementia **343**
Detection, Comparison of the sensitivity of the InPouch TV, Diamond's, and Trichosel media for detection of *Trichomonas vaginalis* **297**
Developing countries
Family planning services in developing countries **558**
How can industry, academia, public health authorities and the Sexually Transmitted Diseases Diagnostics Initiative (SDI) work together to help control sexually transmitted diseases in developing countries? **1**
Syndromic management of sexually transmitted diseases in developing countries **427**
Diagnosis, Provision of diagnostic services for genital chlamydial infection in genitourinary medicine clinics **147**
Disease control, Medical Society for the Study of Venereal Disease Seventy Fifth Spring Meeting **418**
DNA, Seropositivity against HPV 16 capsids **131**
DNA amplification, Necrotising herpetic retinopathy in patients with advanced HIV disease **462**
DNA probe, Non-cultural detection of rectal and pharyngeal gonorrhoea by the Gen-Probe® PACE® 2 Assay **59**
Donors, Semen donors and STD screening **280**
Donovanosis, Failure of trimethoprim in the treatment of donovanosis **224**
Drug interactions
Adverse effects and drug interactions of medications commonly used in the treatment of adult HIV positive patients **5**
Drug interactions of protease inhibitors **227**
Drug resistance, Multidrug resistant tuberculosis **76**
Drug use, STD control in drug users and street youth **240**
Dyspareunia, Vulvodynia and HIV **545**

Education, Knowledge of HIV infected individuals about prevention of cryptosporidiosis **551**
England, Provision of diagnostic services for genital chlamydial infection in genitourinary medicine clinics **147**
England and Wales, Epidemiology of genital warts in England and Wales **365**
Epidemics, Syndromic management of sexually transmitted diseases in developing countries **427**
Epidemiology
Epidemiology of genital *Chlamydia trachomatis* in England and Wales **122**
Epidemiology of genital *Chlamydia trachomatis* **422**
Epidemiology of genital warts in England and Wales **365**
Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **149**
Medical Society for the Study of Venereal Disease Seventy Fifth Spring Meeting **418**
Estimates, Direct estimates of prevalent HIV infection in adults in England and Wales for 1991 and 1993 **348**
Europe
Is Europe ready for STD screening? **96**
Projects for sex workers in Europe **155**
Evidence, Searching for the evidence **70**

False positive results, Delivering retested HIV results **227**
Family planning services, Family planning services in developing countries **558**
Ferritin, Cerebrospinal fluid ferritin in HIV infected patients with acute neurological episodes **181**
Fever, Role of fever in infection **212**

Filariasis, *Chlamydia trachomatis* in hydrocele fluid **503**
Fluconazole, Prior fluconazole exposure as an independent risk factor for fluconazole resistant candidosis in HIV positive patients **471**
Fluorouracil, Development of intralesional therapy with fluorouracil/adrenaline injectable gel for management of condylomata acuminata **481**
Foreign body granuloma, Foreign body granuloma of the penis caused by occupational glass fibre exposure **577**
Fundholding, Utilisation of genitourinary medicine services by general practitioners **538**

General practitioners
Sexually transmissible diseases—knowledge and practices of general practitioners in Victoria, Australia **533**
Sharing prescribing of continuous aciclovir treatment **225**
Utilisation of genitourinary medicine services by general practitioners **538**
Genital dermatoses, Biopsy of male genital dermatoses **421**
Genital flora, Comparative periurethral bacteriology of uncircumcised and circumcised males **288**
Genital herpes
Patient attitudes to type specific serological tests in the diagnosis of genital herpes **259**
Psychological factors in recurrent genital herpes **253**
Sharing prescribing of continuous aciclovir treatment **225**
Should aciclovir prophylaxis be used in late pregnancy in women with recurrent genital herpes infection? How to use a clinical decision analysis **314**
Therapy for genital herpes in immunocompromised patients **391**
Valaciclovir versus aciclovir in patient initiated treatment of recurrent genital herpes **110**
Genital tract infections
Effect of concurrent lower genital tract infections on cervical cancer screening **383**
Family planning services in developing countries **558**
Genital ulceration, Genital ulceration revealing a primary cutaneous anaplastic lymphoma **323**
Genital warts
Development of intralesional therapy with fluorouracil/adrenaline injectable gel for management of condylomata acuminata **481**
Epidemiology of genital warts in England and Wales **365**
Recurrent respiratory papillomatosis with pulmonary cystic disease in a child, following maternal genital warts **63**
Genitalia, Lymphoedema of the genitalia secondary to skin tuberculosis **226**
Genitourinary medicine, Genitourinary medicine and the Internet No 5 **144**
Genitourinary medicine clinics
Behavioural and demographic characteristics of attenders at two genitourinary medicine clinics in England **457**
Provision for sexual health care of adolescents in genitourinary medicine clinics in the United Kingdom **453**
Provision of diagnostic services for genital chlamydial infection in genitourinary medicine clinics **147**
Utilisation of genitourinary medicine services by general practitioners **538**
Genotypes, Genotyping of Portuguese *Chlamydia trachomatis* urogenital isolates **561**
Ghana, Control of sexually transmitted diseases in Ghana **228**
Glass fibre, Foreign body granuloma of the penis caused by occupational glass fibre exposure **577**
Gonococci, Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **149**
Gonorrhoea
Acquisition of pharyngeal gonorrhoea via sweets passed by mouth **146**
Antibiotic treatment for gonorrhoea in the UK **149**
Can the management of gonorrhoea be improved? **3**
Characterisation of *Neisseria gonorrhoeae* in semen during urethral infection in men **378**
Diagnosis of oropharyngeal gonorrhoea **16**
Epidemiological treatment and tests of cure in gonococcal infection **12**
Epidemiological treatment and tests of cure in gonococcal infection **149**
High level ciprofloxacin resistant gonorrhoea imported from Russia **325**
Microbiological diagnosis of gonorrhoea **245**
Risk factors for gonorrhoea **518**
Gram stain, Gram's stain **116**
Greece, Seroprevalence of hepatitis B markers among female and transsexual sex workers in Athens, Greece **223**
Guidelines, HIV therapy guidelines **429**

Haematology, Diagnostic utility of bone marrow sampling in HIV positive patients **117**
Haemolytic uraemic syndrome, Haemolytic uraemic syndrome complicated by disseminated extraneural cryptococcosis **410**
Haemoptysis, Kaposi sarcoma presenting as severe haemoptysis **575**
Health promotion, Health education and promotion for STD prevention **88**
Health services, Sexually transmissible diseases—knowledge and practices of general practitioners in Victoria, Australia **533**
Hepatitis B
Acceptability of clinics for sexually transmitted diseases among users of the "gay scene" in the West Midlands **299**
Hepatitis B markers in heterosexual patients attending two genitourinary medicine clinics in the West Midlands **127**
Seroprevalence of hepatitis B markers among female and transsexual sex workers in Athens, Greece **223**
Hepatitis B virus infections, Prevalence and risk factors for hepatitis B virus infections among visitors to an STD clinic **488**
Herpes simplex virus
Are reported stress and coping style associated with frequent recurrence of genital herpes? **263**
Beyond efficacy **83**
HSV type specific antibody tests **235**
HSV type specific antibody tests **579**
Psychological factors in recurrent genital herpes **253**
Sexually acquired herpes simplex virus infection of oropharyngeal cavity **323**
Therapy for genital herpes in immunocompromised patients **391**
Valaciclovir for the suppression of recurrent genital HSV infection **105**
Valaciclovir versus aciclovir in patient initiated treatment of recurrent genital herpes **110**
Herpes zoster, Herpes zoster and the stage and prognosis of HIV-1 infection **467**
Heterosexuality, Genital colonisation and infection with candida in heterosexual and homosexual males **394**
Heterosexuals, Hepatitis B markers in heterosexual patients attending two genitourinary medicine clinics in the West Midlands **127**
Heterosexual sex, Sexual risk behaviour among subgroups of heterosexual HIV infected patients in an urban setting **552**
Histology, Lymphogranuloma venereum **399**
Historical overview, Kaposi's sarcoma in retrospect **571**
Historical vignette
Behçet **390**
Cyprian ode **193**

STD rapid assessment in Rwandan refugee camps in Tanzania **33**
STD vaccines—an overview **336**
Syndromic management of sexually transmitted diseases **324**
Who goes to sexually transmitted diseases clinics? Results from a national population survey **148**
STD prevention, Health education and promotion for STD prevention **88**
STD treatment: HIV prevention, Randomised trials of STD treatment for HIV prevention **432**
STI, Medical Society for the Study of Venereal Disease Seventy Fifth Spring Meeting **418**
Stress
Are reported stress and coping style associated with frequent recurrence of genital herpes? **263**
Psychological factors in recurrent genital herpes **253**
Suppression, Valaciclovir for the suppression of recurrent genital HSV infection **105**
Surrogate, Surrogate markers now provide physicians with the best means to manage antiretroviral therapy **216**
Surveillance
Sentinel surveillance of *Chlamydia trachomatis* infection in women terminating pregnancy **29**
Surveillance of antibiotic susceptibility of *Neisseria gonorrhoeae* in the WHO Western Pacific Region 1992–4 **355**
Surveillance of sexual behaviour among homosexual men in a central London health authority **198**
Voluntary confidential HIV testing of STD patients in Switzerland, 1990–5 **444**
Surveillance programme, Surveillance of antibiotic resistance in *Neisseria gonorrhoeae* in the Netherlands, 1977–95 **510**
Survival
Survival and treatment of AIDS patients 1984–1993 **44, 148**
Susceptibility testing, Cefaclor, an alternative to third generation cephalosporins for the treatment of gonococcal urethritis in the developing world? **506**
Swab samples, PCR for detection of *Chlamydia trachomatis* in endocervical, urethral, rectal, and pharyngeal swab samples obtained from patients attending an STD clinic **493**
Symptoms/signs, Gonorrhoea **564**
Syndromic management, Syndromic management of sexually transmitted diseases in developing countries **427**
Syphilis
Imported syphilis and other sexually transmitted infections among UK travellers to Russia and Poland **75**
Perforation of hard palate in lues maligna associated with HIV infection **225**
Serological markers for treponemal infection in children in rural Kilimanjaro, Tanzania **522**
Syphilis, management, Management of syphilis in times of HIV **159**

T lymphocytes, Women with recurrent vaginal candidosis have normal peripheral blood B and T lymphocyte subset levels **475**
Tanzania, STD rapid assessment in Rwandan refugee camps in Tanzania **33**
Terminology, Sexual health **323**
Testing, retesting, Delivering retested HIV results **227**
Tests of cure
Epidemiological treatment and tests of cure in gonococcal infection **12**
Epidemiological treatment and tests of cure in gonococcal infection **149**
Test of cure following treatment of genital *Chlamydia trachomatis* infection in male and female patients **223**
Tetracycline resistant, Characterisation of high level tetracycline resistant *Neisseria gonorrhoeae* isolates **421**
Transmission, Semen characteristics in HIV-1 positive men and the effect of semen washing **303**
Transsexual, Seroprevalence of hepatitis B markers among female and transsexual sex workers in Athens, Greece **223**
Treatment
Survival and treatment of AIDS patients 1984–1993 **44, 148**
Treatment of contacts, Epidemiological treatment and tests of cure in gonococcal infection **149**
Treponema pallidum, Serological and clinical correlates of gonorrhoea and syphilis in fertile and infertile Nigerian women **194**
Treponemal infection, Serological markers for treponemal infection in children in rural Kilimanjaro, Tanzania **522**
Trichomonas vaginalis
Comparison of the sensitivity of the InPouch TV, Diamond's, and Trichosel media for detection of *Trichomonas vaginalis* **297**
Metronidazole resistant trichomoniasis successfully treated with paromomycin **397**
Vagina has reducing environment sufficient for activation of *Trichomonas vaginalis* cysteine proteinases **291**
Trimethoprim, Failure of trimethoprim in the treatment of donovanosis **224**
Tuberculosis
HIV infection with haemolytic anaemia **66**
Multidrug resistant tuberculosis **76**

Nosocomial transmission of tuberculosis in HIV/AIDS units in London **322**
Tuberculosis, skin, Lymphoedema of the genitalia secondary to skin tuberculosis **226**
